Reason Why Firefighter: I am wanting to join the Boone County Fire Protection District to serve the citizens and community as it is what I enjoy. I dont mind getting up in the middle of the night to help my neighbor when they are in need. I enjoy the friendships that you can acquire and the people you can meet from being in the fire service. I have been a firefighter before and really enjoy what I do. As I plan on moving to the Boone County area soon it would be more practical for me to join a department in which I can better serve my community as it would be my home. I wish to be part of an organization who is up to date on everything they do and wish to utilize to expand my training and experience as a firefighter.
