Reason Why Firefighter:

I really enjoy helping people. I am compassionate and eager to help anyone regardless of gender/race/age/etc. I spent 9 months as a volunteer ambulance attendant at the University of Maine in Orono. I am able to remain calm in stressful situations. I have wanted to work on a fire department for a few years now but have been unable to join due to my schooling and working. I think everyone who is able should volunteer at least a little time to helping the community and I think that working on a volunteer fire department would be ideal. I am a hard worker and believe that I could contribute to the department if given the opportunity.

(Please be advised the driver's license number is my former license from Maine - I have been issued a MO license recently, but don't have the number memorized yet! If you choose to contact me, I would be glad to give you the updated license number!!!)
