Reason Why Firefighter: I would love the opportunity to join the Boone Co. Fire Department mostly for the great training BCFD offers. Firefighting has been my ultimate goal for as long as I can remember. My father and grandfather were St. Louis City Firefighters and I could not foresee a more honorable, rewarding career choice. Being the type of person who enjoys helping those in traumatic situations and having the ability to handle the situation in a calm, collected manner leads me to believe that firefighting is the perfect career choice for myself. I am more than willing as an applicant to apply myself to the best of my ability to achieve the goal I have set myself to accomplish and would love the opportunity to begin this career with Boone Co. Thank you for taking the time to look over my application, Dan Hedrick
