Officer Development Series – Managing Vehicle Fires

1.   Dispatch: What issues would you consider?

2.   Size-up: Write down your size-up.

3.   Creating and Action Plan: List your strategic goals and tactical objectives.

4.   Managing The Scene: Where will you locate your Command Post? Describe how you would manage incoming resources. Engine location? Personal vehicle parking? What is your Traffic Management Plan?

5.   Resource Deployment and Management: What are your tactical orders to your first crew? What are the tactical benchmarks for this incident?

6.   Incident Organization: Describe your incident organization.

7.   Safety Considerations: List your top 5 safety issues.

8.   Demobilization: How do you manage personnel demobilization? What must you do to ensure you leave the incident scene safe for the general public?
